In his seventies but vigorous and full of fun, Sparky liked to take an occasional jaunt to Reno, to pump the slot machines and try a few hands of blackjack. The off-the-record, tax-free monthly checks from Simon were gratefully received, ensuring the old man's cooperation with the conspiracy..Junior knew that he looked as guilty as any man had ever looked this side of the first apple and the perfect garden. The sweating, the spasms of violent tremors, the defensive note that he could not keep out of his voice, the inability to look anyone directly in the eyes for more than a few seconds-all were telltales that none of these professionals would overlook. He desperately needed to get a grip on himself, but he couldn't find a handle..According to the newspapers, the police also credited him with the murders of Naomi, Victoria Bressler, and Ned Gnathic (whom they had connected to Celestina). He was wanted, too, for the attempted murder of Dr. Walter Lipscomb (evidently Ichabod), for the attempted murder of Grace White, and for assault with intent to kill Celestina White and her daughter, Angel, and for the assault on Lenora Kickmule (whose foxtail-bedecked Pontiac he had stolen in Eugene, Oregon)..Unsupervised meditation without seed, in sessions longer than an hour, entails risk. To his horror, Junior would discover some of the dangers in September..The dear man cried and kissed her scars and told her that she was as beautiful as any woman alive. They stood then for a while, embracing, his hands upon her back, her breasts against his chest, and twice they kissed, but almost chastely, before she put on her blouse again..Besides, he wasn't on the Greenbaum Gallery customer list and didn't have an invitation..Murder itself was easy, but the aftermath was more draining than he had anticipated. Although the ultimate liability settlement with the state was certain to leave him financially secure for life, the stress was so great that he wondered, in his darker moments, if the reward would prove to be worth the risk..Mrs. Cain's little boy felt small, weak, sorry for himself, and terribly alone. The detective was still here, but his presence only aggravated Junior's sense of isolation..The detective wasn't the only person in the world who liked "Someone to Watch over Me." Anyone in the lounge might have requested it. Or maybe this number was part of the pianist's usual repertoire..Tom stared down into the oceanic depths of the city, through the reefs of buildings, to the lamp-fish cars schooling through the great trenches.. "I've already told them," Joey said, wheeling away from her and yanking open the door of the foyer closet with such force that she thought he would tear it off its hinges..Rubbermaid container from his own pantry. Junior would never again use it to store leftover soup..Their story would be that Cain's gun had jammed just as Tom had entered Barty's bedroom. Too cowardly for hand-to-hand combat, the Shamefaced Slayer had fled through the open window. He was loose once more in an unsuspecting world..Police identified Junior as the prime suspect, and newspapers featured his photograph in most stories. They referred to him as "handsome," "dashing," "a man with movie-star good looks." He was said to be well known in San Francisco's avant-garde arts community. He got a thrill when he discovered that Sklent was quoted as calling him "a charismatic figure, a deep thinker, a man -with exquisite artistic taste so clever he could get away with murder as easily as anyone else might get away with double-parking." "It's people like him," Sklent continued, "who confirm the view of the world that informs my painting."..Grace, of course, was a strong woman for whom faith was an armor against far worse than embarrassment. Celestina knew that Mom would suffer immeasurably more heartache by remaining in Oregon than what pain she might experience at her daughter's side, but Phimie was too young, too naive, and too frightened to grasp that in this matter, as in all others, her mother was a pillar, not a reed..Some information she'd withheld from him: that the cancer might already have spread, that he might still die even after his eyes were removed-and that if it hadn't yet spread, it might soon do so..Rhythmic breathing. Slow and deep. Slow and deep. Per Zedd, the route to tranquility is through the lungs..Inevitably, he had to wonder if Naomi had kept her pregnancy secret because, indeed, she suspected that the child wasn't her husband's..During the preparation of the cards, Barty had fallen asleep in his mother's arms, but with the revelation of his name on the ace, he had awakened again, perhaps because with his head resting on her bosom, he was alarmed by the sudden acceleration of her heartbeat..Few people will spend the greater part of their youth in school, struggling to obtain the education required for a medical specialty, unless they have a passion to heal. Franklin Chan was a healer, whose passion was the preservation of vision, and Agnes could see that his anguish, while a pale reflection of hers, was real and deeply felt..At a point where deep water met the shoreline, Junior drove off the road and onto the strand. He parked twenty feet from the water, facing the lake, and switched off the headlights and the engine..On Tuesday, January 2, Junior met with the drug dealer who had introduced him to Google, the document forger, and he arranged to purchase a 9-mm handgun with custom-machined silencer..At Tom Vanadium's request, the taxi dropped him one block from his new-and temporary-home shortly before ten o'clock in the evening..Tom Vanadium liked this man at once. Cop instinct told him that Damascus was honest and reliable. Priestly insight suggested even more impressive qualities..Phimie's speech had been slurred later, as well, immediately following the birth of the baby, when she had struggled to convey her desire to name her daughter Angel..He turned from the cowering girl and studied the boy, who stood a few steps inside the room, holding a can of soda in each hand. The artificial eyes were convincing, but they didn't possess the knowing look that so troubled him in the strange girl..Otter hesitated and said, "Yes."..As he passed the living-room archway, he said, "Watch out for tidal waves, Uncle Jacob."..This guy was spooky. Junior was beginning to think that the detective's unorthodox behavior wasn't a carefully crafted strategy, as it had first seemed, but that Vanadium was a little wacky..Junior's fear gave way to an appreciation for the irony in this situation. Gradually, he regained the ability to smile, tossed the coin in the air, caught it, and dropped it in his pocket.. "The mass of these malignancies suggest they will soon spread-or have already spread-out of the eye to the orbit. There is no hope that radiation therapy will work in this instance, and no time to risk trying it even if there were hope. No time at all. No time. Dr. Schurr and I agree, to save Bartholomew's life, we must remove both eyes immediately."..For a moment, none of them spoke. The silence was as flawless as the preternatural hush reputed to precede the biggest quakes..At last he said, "And there he is, hands in front of his face, quarters bouncing off him, these kids and this old lady scrambling around him to snare some change."..He felt lightheaded again. But this time he knew why. Not an oncoming case of the flu. He was straining against the cocoon of his life to date, straining to be born in a new and better form. He had been a pupa, encased in a chrysalis of fear and confusion, but now he was an imago, a fully evolved butterfly, because he had used the power of his beautiful rage to improve

himself. When Bartholomew was dead, Junior Cain would at last spread his wings and fly. The opening paragraph still lingered in his memory, because he had crafted it with great care: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you. To the alleyway again. Not through the clodhopper-cluttered gallery this time. Around the block at a brisk walk. She took a deep breath. She lifted her head, straightened her shoulders, and went inside, where a new life waited for her. He woke several times that night, instantly alert for a ghostly serenade, but he heard no otherworldly crooning. At those cutting-edge galleries where he attended receptions, no one got in without a printed invitation. And even with the authentic paper in hand, you might still be refused entry if you failed to pass the cool test. The criteria of cool were the same as at the current hottest dance clubs, and in fact the bouncers controlling the gate at the finest avant-garde galleries were those who worked the clubs. Angel moved her hand to Barty's right eye, and again he didn't twitch with surprise when her fingers lightly touched his closed and sagging lid. "I won't let you forget." "Frozen firing pin," Cain said. His smile was venomous. "I worked on it. I hoped you'd get here in time to see the consequences of your stupid games." There was a valuable lesson to be learned from the encounter with Renee Vivi: Many things in this life are not what they first appear to be. To Junior, however, the lesson was not worth learning if he had to live with the vivid memory of his humiliation. "September 20, 1902, Birmingham, Alabama, church fire--one hundred fifteen dead. March 4, 1908, Collinwood, Ohio, school fire, one hundred seventy-six dead." If he had known that he would break his solemn vow twice before the month was ended--and that neither victim, unfortunately, would be a Hackachak--he might not have fallen asleep so easily. And he might not have dreamed of cleverly stealing hundreds of quarters out of Thomas Vanadium's pockets while the baffled detective searched for them in vain. Dense, white, slowly billowing masses of fog rolled through the neighborhood, scented with woodsmoke from numerous fireplaces, as though everything north to the Canadian border were ablaze. "D'you have a bag?" Those spike-sharp eyes, - tenpenny gray, nailed Junior to the bed, pinning him for scrutiny. Tom himself had decided to build a new life here, as well, assisting Agnes with her ever-expanding work. He was not yet sure whether this would include the rededication to his vows and a return to the Roman collar, or whether he would spend the rest of his days in civvies. He was delaying that decision until the Cain case was resolved. In the living room, the central and largest window framed a magnificent view, and swagged silk brocatelle draperies framed the window. An oversize hand-painted and heavily gilded chaise lounge, upholstered in an exquisite tapestry, stood against this backdrop of city and silk, and Renee pulled Junior down upon the chaise, desperate to be ravished there. A supply of ammunition lined the bottom of all the dresser and bureau drawers, concealed by underwear and other garments. Junior appropriated a box of 9-mm. cartridges. Paul was nearest to that corner when he halted Grace in her rush toward certain death. Before he quite realized what he was doing, he found that he'd flung open the door and climbed half the single long flight of steps, as surefooted as Doc Savage or the Saint, or the Whistler, or any of the other pulp-fiction heroes whose exploits had for so long been his adventures by proxy. "Honey," she said, crouching to peer at him through the vertical slats of the playpen, "what're you doing?" Junior spoke the three words aloud and felt a strange resonance between them and his dim memories of Reverend White's voice on that long-ago night. Yet the link, if any actually existed, remained elusive. He hit Celestina with the big question, the huge question, just as she paused in her babbling to suck in a deep breath, the better to spout even more nonsense, whereupon this panicky inhalation caught in her breast, caught so stubbornly that she was certain she would need the attention of paramedics to start breathing again, but then Wally popped open the box, revealing a lovely engagement ring, the sight of which made the trapped breath explode from her, and then she was breathing fine, although snuffling and crying and just generally a mess. "I love you, Wally." Paul watched as Barty hopped down from his chair and crossed the busy kitchen in a straight line to the wall phone, without one hesitant move. The blinds were raised, the windows bare. Usually, she liked the smoky, reddish-gold glow of the city at night, but this once it made her uneasy. At first, he couldn't gather the nerve to return to the kitchen. He was crazily certain that in his absence, the dead detective would have risen and would be waiting for him. Maria said, "It is ... the only thing ... I can do for him now, for you. I be nobody, not. In recounting the fortune-telling session, Agnes had not told the magician about the four jacks of spades, only about the aces of diamonds and hearts. She never wore her worries for anyone to see; and though she had made a joke of the appearance of the fourth knave on Friday, Edom knew that it had deeply troubled her. He was having difficulty focusing his attention on the problem at hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea. "I'm not saying there's anything wrong with it, you understand," Neddy whispered with a sort of fierce conciliation, "but I'm not gay, and I'm not interested in teaching you the piano or anything else. Besides, after the stories Renee told about you, I can't imagine why you think any friend of his ... hers would get near you. You need help. Renee is what she is, but she's not a bad person, she's generous and she's sweet. She doesn't deserve to be beaten, abused, and ... and all those horrible things you did. Excuse me." The pewter bludgeon slammed into the back of his skull with a hard pack. The scalp tore, blood sprang forth, and the man fell as hard as Victoria had fallen under the influence of a good Merlot, although he went facedown, not faceup as she had done. They came to the house in Boatwright Street after dark. They kicked the door in, and Hound, standing among the armed and armored men, said, "Him. Let the others be." And to Otter he said, "Don't move," in a low, amicable voice. He sensed great power in the young man, enough that he was a little afraid of him. But Otter's distress was too great and his training too slight for him to think of using magic to free himself or stop the men's brutality. He flung himself at them and fought them like an animal till they knocked him on the head. They broke Otter's father's jaw and beat his aunt and mother senseless to teach them not to bring up crafty men. Then they carried Otter away. "Now, I'm doubtless," Vanadium said, his voice returning to the uninflected drone that Junior had come to loathe but that he now preferred to the unsettling voice of quiet passion. "No matter what the situation, no matter how knotty the question, I always know what to do. Here, now, the dinner guest, entering the kitchen. He carried the wineglass and the rose in his left hand. The Merlot was tucked under his arm. In his right hand was a small, brightly wrapped gift box. Rena was cheerful, short, and solid. Her waist measurement must have been two-thirds her height, and she favored floral dresses that emphasized her girth. With a German accent and in a voice that always seemed about to dissolve in a great gale of mirth, she said, "Madchen lieb, you look like a Christmas candle to me." Angel, busy with a cookie through most of this, licked crumbs from her lips and asked Paul, "Do you have a puppy?" "Apple juice, lime Jell-O, and four soda crackers," said the detective. "If you don't have enough of a conscience to make you confess, He got behind the wheel of the Studebaker, started the engine, did a hard 180-degree turn, using more lawn than driveway, and cried out in terror when Vanadium moved noisily in the backseat. Nearly two weeks ago, in the Spruce Hills hospital, Junior had been drawn by some strange

magnetism to the viewing window at the neonatal-care unit. There, transfixed by the newborns, he sank into a slough of fear that threatened to undo him completely. By some sixth sense, he had realized that the mysterious Bartholomew had something to do with babies.
