As quick as a snake strikes, Vanadium was much closer to the bed than he had been when he tossed the

coin, at Junior's side now, leaning over the railing. "Naomi was six weeks pregnant." Anyway, traumatic as it had been, the shooting was not the worst thing that happened to him that year. She got out of the cab and stood on the sidewalk in front of the gallery, her legs as shaky as those of a newborn colt. Dusk had arrived, strangling the day, and the throttled sky hung low, as blue-black as bruises. The streetlights had come on. Gouts of red light from pulsing emergency beacons alchemized the rain from teardrops into showers of blood. "Yes, I'm nicely rounding myself into an early grave," he said almost cheerfully. "And I must admit to enjoying it." Behind the dog, Mary walked out of nowhere, ball in hand, and Koko whirled in surprise, and the chase was on again. Indeed, the winter storm had dampened neither his hair nor his clothes. The rain appeared to slide away from him a millimeter before contact, as though the water and the man were composed of matter and antimatter that must either repel each other or, on contact, trigger a cataclysmic blast that would shatter the very foundation of the universe. "This was back on January 24, 1556," said Edom with unhesitating authority, for he had memorized tens of thousands of facts about the worst natural disasters in history. Another small pane of glass burst. A dismaying crack of wood. His back to her, the maniac raged at the window with the snarling ferocity of a caged beast. When Max answered, Vanadium let out his breath in a whoosh of relief and began talking on the inhalation: "It's me, Tom, and maybe I've just got a bad case of the heebie-jeebies, but there's something I think you better do, and you better do it right now." The maniac detective was still on the floor where he had died. The red rose and the gift box occupied his hands. At home again, in the safety of the family, Barty collapsed in exhaustion from the sustained effort to see with eyes that he didn't possess. Abed for ten days, feverish, afflicted with vertigo and migraine headaches, nauseated, he lost eight pounds before his recovery was complete. Years earlier, a stream had been diverted to fill the vast excavation. Stock fish were added, mostly trout and bass. Alone with Agnes, the physician said, "I want you to take Barty to a specialist in Newport Beach. Franklin Chan. He's a wonderful ophthalmologist and ophthalmological surgeon, and right now we don't have anyone like that here in town." With a paper towel, Junior wiped the revolver. He dropped it on the floor beside the riddled nurse. During the past week, he had ferreted out what he could about the nurse. She was thirty, divorced, without kids, and lived alone. That was another thing. Junior hadn't gotten his noon meal, because the spirit of Vanadium had nearly caught up with him when he'd been browsing for tie chains and silk pocket squares before lunch. Then he missed dinner, as well, because he had to maintain surveillance on Celestina when she didn't go straight home from the gallery. He was hungry. He was starving. This, too, she had done to him. The bitch. Earlier, before leaving home, he had taken a preventive dose of paregoric. For now, at least, his bowels were quiet. Everyone thought the mop-tops were the coolest thing ever--ever but to Junior, their music was just all right. He wasn't stirred to sing along, and he didn't find their stuff particularly danceable. Wonderful. Oh, perfect. So Neddy, a friend of Celestina's, knew that Junior, reputed to be a vicious sadist, had attended this reception under a false name. If Junior really was a sleazy pervert of such rococo tastes that he would be shunned even by the scum of the world, even by the deranged mutant offspring of a self-breeding hermaphrodite, then surely he was capable of murder, too. "I hope it was all right I let him in, Mr. Cain." Sparky had a capuchin's overbite, too. "He told me it was an emergency." For a while, leaning forward in his chair and staring at the floor with an intensity and an expression that could not have been inspired by the insipid vinyl tiles, Tom mulled over what she'd told him. Then: "The connection is there, but it's still not entirely clear to me. So he took perverse pleasure in raping her with her father's sermon as accompaniment . . . and maybe without his realizing it, the reverend's message got deep inside his head. I wouldn't think our cowardly wife killer has the capacity for guilt . . . although maybe your dad worked a sort of miracle and planted that very seed." During the past ten days, he'd proved that he was clever, bold, with exceptional inner resources. He needed to tap his deep well of strength and resolve now, more than ever. He'd been through far too much, accomplished too much, to be brought down by mere biology. All day, for reasons he couldn't quite put into words, Junior had carried that quarter in a pocket of his bathrobe. From time to time, he had taken it out to examine it. Eventually, Junior remembered the quarter. He reached into the right pocket of the thin cotton bathrobe, but the coin wasn't there, as it should have been. The left pocket also was empty. In the kitchen, he sat her in a chair and let her slump forward over the breakfast table. With her arms folded, with her head on her arms and turned to one side, she appeared to be resting. The nurse led the way, while the orderly pushed the gurney from behind Barty's head. Maria, after a single sip of Chardonnay, fled to the kitchen, ostensibly to check on the apricot flan that she'd brought, but in reality to press a cool and slightly damp dishtowel against her eyes. Rapt, frightened yet wonderstruck, Agnes leaned forward, squinting between the whisking wipers. A stab of horror punctured Celestina as she failed to repress a mental image of a carnival-sideshow monster, half dragon and half insect, coiled in her sister's womb. She hated the rapist's child but was appalled by her hatred, for the baby was blameless. Heaven, and his words touched a tenderness in her, overlaying an arc of pain across the curve of her smile. Casey and Tutti, her sister Skipper, and dreamboat Ken--and soon the girls had Barty enthusiastically involved in a make-believe world far different from the one in which Heinlein's teenage lead owned an extraordinary alien pet with eight legs, the temperament of a kitten, and an appetite for everything from grizzly bears to Buicks. Fourth and last, he was surprised that Kickmule was a legitimate surname. This information wasn't of immediate importance to him, but if ever his Gammoner and Pinchbeck identities were compromised and he required false ID in a new name, he would call himself Eric Kickmule. Or possibly Wolfgang Kickmule. That sounded really tough. No one would mess with a man named Kickmule. In Oregon, standing at Junior Cain's bedside, turning a quarter across the knuckles of his left hand, Thomas Vanadium asks about the name that his suspect had spoken in the grip of a nightmare. "Sit down, sit down," Agnes urged. "I can offer coffee now and pie in a little bit." Tom stared at the girl's drawing--quite a good one for a child her age, rough in style, but with convincing detail--and if skin could be said to crawl, his must have moved all the way around his body two or three times before settling down again where it belonged. "Are these . . . ?" During the course of this momentous day, he had employed Zedd learned techniques to channel his hot anger into a red-hot rage. Now, without any conscious effort on his part, rage grew into molten-white fury. Kathleen savored her martini. "Mmmm . . . as cold as a hit man's heart and as crisp as a hundred-dollar bill from the devil's wallet." So runs the water away. This humble house wasn't where you expected to hear an elaborate custom doorbell--or even any doorbell at all, since knuckles on wood were the cheapest announcement of a visitor. A tune clinked off the keys of a phantom piano in Junior's mind, "Someone to Watch over Me." The hawk-eyed watcher was the pianist at the elegant hotel lounge where Junior had enjoyed dinner on his first night in San Francisco, and twice since. "Maybe he could if he was able to lift it, but I couldn't throw a pig or an Oreo or anything else into any other place. It's just not something I know how to do." He rolled his head back and forth on the pillow. "Nope. It's still just something you gotta feel." Obadiah tossed the pack of cards to Edom, startling him. "Son, you'll have to help me. My fingers have no finesse

anymore.".Ministering to Perri, Joshua had pulled back her blankets. The fabric of the pale yellow pajama pants couldn't disguise how terribly withered her legs were: two sticks..could spring the new deadbolts as easily as the old. Therefore, on the interior of the front and back doors, Junior added sliding bolts, which couldn't be picked from outside..His artificial eyes were almost a month old. He'd been through surgery to have the eye-moving muscles attached to the conjunctiva, and everybody told him that the look and movement were absolutely real. In fact, they had told him this so often, in the first week or two, that he became suspicious and figured that his new eyes were totally out of control and spinning like pinwheels.. "A ship without an anchor can never be at rest," he answered. "It's at the mercy of the sea.".altogether by taking slow deep breaths, slow deep breaths, and by remembering that each of us has a right to be happy, to be fulfilled, to be free of fear..So. Two monks they were: one in the service of everlasting light, the other in the service of eternal darkness..He was uncharacteristically restive. His stoic nature, his long learned Jesuit philosophy regarding the acceptance of events as they unfold, and the acquired patience of a homicide detective were insufficient to prevent frustration from taking root in him. In the more than two months since Enoch Cain vanished, following the murder of Reverend White, no trace of the killer had been found. Week by week, the slender sapling of frustration had grown into a tree and then into a forest, until Tom began every morning by looking out through the tightly woven branches of impatience..Edom and Jacob came to dinner with Agnes every evening. And though the past weighed heavily on them when they were under this roof, without fail they stayed long enough to wash the dishes before fleeing back to their apartments over the garage..At the far end of the table, Agnes shot up from her chair as her son said rain, and as he said wet, she spoke warningly: "Barty!".I got Starkweather, killing all those people with no hope of personal gain. You got maniac cops and this new war in Vietnam.
