Byline (or "1") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I?the real, historical personage?actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory.
