The gossip columnists speculated a great deal about how Amanda and Selene managed their dual existence, but because neither personality gave interviews on the subject, it had to remain only speculation. The custody decision, however, was public

knowledge. January to June had gone to Margot Randall, July to December to the Senator. It sounded like the alters might still divide then\* year that way. But rather than distress Amanda further by asking about it, I bit my tongue and hurried out to get the lease from my secretary. "Fifteen," she countered. "Are you really the North Wind?" Amos asked. "Pipe down in there," said the jailor. "I'm trying to sleep." And he spread out his piece of grey canvas sail and lay down. His eyes dropped and he was silent for a moment "I want to tell you. But I don't know how without." "That's none of your business!" Nolan reddened. "Besides, it's all over now." She nodded. "He was my heart" Looking straight at him, she added, "What was his is mine by right." Her chin was up and her head held high. She reached past the hunter and pulled the knife from the door with an ease that surprised him. Gently she took down the skin. She shook it out once and smoothed the nap with her hand. Then, as if putting on a cloak, she wrapped the skin around her shoulders and pulled the head over her own. "Not at all." meters and looms threateningly over the four or five Intermediaries, who are, after all, small and not. "Alas," said Amos, "he was blown away in the wind." He climbed up the ladder and handed the grey. I organized my arguments while I waited for her protest that she could look after herself. To my. grabbed her shoulders and held her off at arm's length to look at her. Sure, bastard. It isn't your brain burning with the output of these million strangers. My violence surprises me. But I push the stim up to seventy. Then Nagami goes into a synthesizer riff, and Jam sags back against a vertical rank of amps. think he really has our best interests at heart, Jake?" he asked. unmoving. And covering all the derricks was a translucent network of ten-centimeter-wide strips of. That's what got me the job with Alpertron, Ltd., die big promotion and booking agency. I'm on the concert tour and work their stim board, me and my console over there on the side of the stage. It isn't that much different in principle from playing one of the instruments in the backup band, though it's a hetL of a lot more complex than even Nagami's synthesizer. It all sounds simple enough: my console is the critical link between performer and audience. Just one glorified feedback transceiver: pick up the empathic load from Jain, pipe it into the audience, they react and add their own load, and I feed it all back to the star. And then around again as I use the sixty stim tracks, each with separate controls to balance and augment and intensify. It can get pretty hairy, which is why not just anyone can do the job. It helps that I seem to have a natural resistance to the sideband stopover radiation from the empathic transmissions. "Ever think of teaching?" said the school voc counselor. "No," I said. "I want the action." "Really?". Friday morning I sat at my desk trying to put the pieces together. Trouble was, I only had two pieces and they didn't fit. The sun was coming in off the Boulevard, shining through the window, projecting the chipping letters painted on the glass against the wall in front of me. BERT MALLORY Confidential Investigations. I got up and looked out. This section of the Boulevard wasn't rotting yet, but it wouldn't be long. Dear heart, Brother Hart, Come at my bidding, We shall dine on berry wine And dance at my wedding. "Nonsense," said the grey man. "I have more emeralds and diamonds and gold and pearls than I. Thank you, Barry. I know you mean that, and I'm flattered Well, then?" He took his pipe from his. We're above timberline, and the mountainside is too stark for my taste. I suddenly miss the rounded, wooded hills of Pennsylvania. Jain surveys the rocky fields rubbed raw by wind and snow, and I have a quick feeling she's scared too. "Something wrong?". "Good evening," said Amos. "I'm exploring the ship and I have very little time. I have to be up at four o'clock in the morning. So can you tell me what I must be sure to avoid because it would be so silly and uninteresting that I would learn nothing from it?". "I don't know. It's just a feeling-that's all." "No!" Her vehemence startled me. She quickly lowered her voice and went on: "My friends call me." "Second," said Lea, "who is standing just behind your right shoulder?". different women at the same time. If so, how fortunate they were the same woman.. "Maurice? next door." He inclined his head slightly toward 407. Colman frowned to himself as his mind raced over the data's significance. No sane attacking force would contemplate taking an objective like that by a direct frontal assault in the center--the lowermost stretch of the trail was too well covered by overlooking slopes, and there would be no way back if the attack bogged down. That was what the enemy commander would have thought anyone would have thought. So what would be the point of tying up lots of men to defend a point that would never be attacked? According to the book, the correct way to attack the bunker would be along the stream from above or by crossing the stream below and coming down from the spur on the far side. So the other side was concentrating at points above both of the obvious assault routes and setting themselves up to ambush whichever attack should materialize. But in the meantime they were wide open in the middle. There was a special meeting tonight at the Union Hall. At it, the Organizer asked if everybody had. everyone on the ship to sleep, Amos hurried over the slippery boards under the dripping eaves of the. "I mean quit everything: running, swimming, practicing. . .? But what did he think?. Selene and that portrayed by the columnists. They made it sound
