Golden said to his wife, a rhetorical question. She looked at him and said nothing, a non-rhetorical answer.."I can't stop," she said, and started to walk again..He resolved to wait and watch. Being a patient man with a strong will, he did so for four years, till Diamond was sixteen. A big, well-grown youth, good at games and lessons, he was 'still ruddy-faced and bright-eyed and cheerful. He had taken it hard when his voice changed, the sweet treble going all untuned and hoarse. Golden had hoped that that was the end of his singing, but the boy went on wandering about with itinerant musicians, ballad-singers and such, learning all their trash. That was no life for a merchant's son who was to inherit and manage his father's properties and mills and business, and Golden told him so. "Singing time is over, son," he said. "You must think about being a man." San's wife screeched when she heard there was a stranger at the door, crying that if San let."I can't believe that everyone would be -- what was it? -- ah, betrizated!".nearest was open. I looked in. A large, broad-shouldered man looked in from the opposite side.."All right," she said finally. "I'm not keeping you. But now this. . ." She was confused.."She's Irian of Westpool's mare. He gasped, as if coming up from drowning..they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and.When he was on Orrimy, Medra had learned to read the common writing of the Archipelago. Later, Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had learned alone in the Immanent Grove was not known to any but those with whom she shared her knowledge. She lived all summer under the eaves of the Grove, having no more than a box to keep the mice and wood rats from her small store of food, a shelter of branches, and a cook fire near a stream that came out of the woods to join the little river running down to the bay, Medra camped nearby. He did not know what Ember wanted of him; he hoped she meant to teach him, to begin to answer his questions about the Grove. But she said nothing, and he was shy and cautious, fearing to intrude on her solitude, which daunted him as did the strangeness of the Grove itself. The second day he was there, she told him to come with her and led him very far into the wood. They walked for hours in silence. In the summer midday the woods were silent. No bird sang. The leaves did not stir. The aisles of the trees were endlessly different and all the same. He did not know when they turned back, but he knew they had walked farther than the shores of Roke..Dragonfly found the village witch taking maggots out of an infected cut on a sheep's rump. The witch's use-name was Rose, like a great many women of Way and other islands of the Hardic Archipelago. Rivers and streams cut their way seaward through that high plain, winding and pooling, spreading and wandering, making a marsh of it, a big, desolate, waterland with a far horizon, few trees, not many people. The ashy soil grows a rich, bright grass, and the people there keep cattle, fattening beef for the populous southern coast, letting the animals stray for miles across the plain, the rivers serving as fences..around one another, in groups of six, eight, blocking the way across the entire thoroughfare, came.me so that she could learn how to do it! The Patterner's voice had grown rougher, and he suddenly brushed the little design of pebbles. However the Division came about, from the beginning of historical time human beings have lived in the main Archipelago and the Kargad Lands east of it, while the dragons kept to the westernmost isles-and beyond. People have puzzled at their choosing the empty sea for their domain, since dragons are "creatures of wind and fire," who drown if plunged under the sea. But they have no need to touch down either on water or on earth; they live on the wing, aloft in air, sunlight, starlight. The only use a dragon has for the ground is some kind of rocky place where it can lay its eggs and rear the drakelets. The small, barren islets of the farthest West Reach suffice for this. Neither of them had been on Pody. It was a sleepy southern island with a pretty old port town, Telio, built of rosy sandstone, and fields and orchards that should have been fertile. But the lords of Wathort had ruled it for a century, taxing and slave taking and wearing the land and people down. The sunny streets of Telio were sad and dirty. People lived in them as in the wilderness, in tents and lean-tos made of scraps, or shelterless. "Oh, this won't do," Crow said, disgusted, avoiding a pile of human excrement. "These creatures don't have books, Tern!" upward) that I was in the elevated part of the station; nevertheless I kept going in the same. "I am." your head nor theirs, see, because it would take from their power, they say'. But Ivory, poor. important, I already know something; I spent four days at Adapt, on Luna. But that was a drop in. Dulse thought sometimes in those years about sons and fathers. He had quarreled with his own father, a sorcerer-prospecter, over his choice of a teacher; his father had shouted that a student of Ard's was no son of his, had nursed his rage and died unforgiving. He was mad, and she didn't know what possessed her to let him stay, yet she could not fear him or distrust him. What did it matter if he was mad? He was gentle, and might have been wise once, before what happened to him happened. And he wasn't so mad as all that. Mad in patches, mad at moments. Nothing in him was whole, not even his madness. He couldn't remember the name he had told her, and told people in the village to call him Otak. He probably couldn't remember her name either; he always called her mistress. But maybe that was his courtesy. She called him sir, in courtesy, and because neither Gully or Otak seemed names well suited to him. An otak, she had heard, was a little animal with sharp teeth and no voice, but there were no such creatures on the High Marsh. Money was a problem. The girl thought, of course, that he as a great wizard would snap his fingers and waft them over the sea in a magic boat flying before the magewind. But when he told her they'd have to hire passage on a ship, she said simply, "I have the cheese money." light? But he could not. He crawled in the dark till the sound of water was loud and the rocks around the spring without falling in a sinkhole among the reeds. In the cold darkness under a few. It may be that Segoy is or was one of the Old Powers of the Earth. It may be that Segoy is a name for the Earth itself. Some think all dragons, or certain dragons, or certain people, are manifestations of Segoy. All that is certain is that the name Segoy is an ancient respectful nominative formed from the Old Hardic verb seoge, "make, shape, come intentionally to be." From the same root comes the noun esege, "creative force, breath, poetry." Port, if the Mage Restive will take you on, as I think he will, with my recommendation. But I.
