Otter felt as if he were being brought back to vivid life from interminable, dreary, dazed half sentence. At the wizards touch he did not feel the horror of the spellbond, but rather a gift of energy and hope. He told himself not to trust this man, but he longed to trust him, to learn from him. Gelluk was powerful, masterful, strange, yet he had set him free. For the first time in weeks Otter walked with unbound hands and no spell on him..storms, the evil weather of those years, drove their ship back to Ingat three times, and Medra.He traveled far in the Archipelago, even out into the East Reach. He never went to the same town or island twice without years between, letting his trail grow cold. Even so he began to be spoken of. "I come," he said in his joyous, tender voice, and he strode fearlessly into the raw wound in the earth, a white light playing around his hands and his head. But seeing no slope or stair downward as he came to the lip of the broken roof of the cavern, he hesitated, and in that instant Anieb shouted in Otter's voice, "Tinaral, fall!". There's no knowing if these stories are about Medra, since he went under many names, seldom if ever calling himself Otter any more. Gelluk's fall had not brought Losen down. The pirate king had other wizards in his pay, among them a man called Early, who would have liked to find the young upstart who defeated his master Gelluk. And Early had a good chance of tracing him. They expect modesty to come later, if at all. "I said Roke," Hemlock said in a tone that said he was unused to having to repeat himself. And then, because this boy, this soft-headed, spoiled, moony boy had endeared himself to Hemlock by his uncomplaining patience, he took pity on him and said, "You should either go to Roke or find a wizard to teach you what you need. Of course you need what I can teach you. You need the names. The art begins and ends in naming. But that's not your gift. You have a poor memory for words. You must train it diligently. However, it's clear that you do have capacities, and that they need cultivation and discipline, which another man can give you better than I can." So does modesty breed modesty, sometimes, even in unlikely places.
