He's so proud of it, his stupid domain, his stupid grandfather. I don't want it. I won't have it. It isn't me. I still don't know who I am. I'm not Irian!" She fell silent abruptly, having spoken the name.. "Speak when I let you," the wizard said. "Where is the man?". Our herd's been all right," and she made the sign to avert evil. "I keep em close in. Out on the.slave takers carried off men, boys, young women. Little children and the old they slaughtered..He said nothing. In fact he was at a loss. If he had known it would be this easy, he could have had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a mere pretence at this crazy scheme - without giving up his salary and his precarious respectability, without this sea voyage, without having to go all the way to Roke for it! For he saw the whole plan now was folly. There was no way he could disguise her that would fool the Doorkeeper for a moment. All his notions of humiliating the Masters as they had humiliated him were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Bitterly he recognized that he was always believing his own lies, caught in nets he had elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over again. A great, desolate anger swelled up in him. There was no good, no good in anything..Rose was very dark-skinned, with a cloud of crinkled hair, a thin mouth, an intent, serious face. Her feet and legs and hands were bare and dirty, her skirt and jacket disreputable. Her dirty toes and fingers were delicate and elegant, and a necklace of amethysts gleamed under the torn, buttonless jacket. Her mother, Tangle, made a good living by curing and healing, bone-knitting and birth-easing, and selling spells of finding, love-potions, and sleeping-drafts. She could afford to dress herself and her daughter in new clothes, buy shoes, and keep clean, but it didn't occur to her to do so. Nor was housekeeping one of her interests. She and Rose lived mostly on boiled chicken and fried eggs, as she was often paid in poultry. The yard of their two-room house was a wilderness of cats and hens. She liked cats, toads, and jewels. The amethyst necklace had been payment for the safe delivery of a son to Golden's head forester. Tangle herself wore armfuls of bracelets and bangles that flashed and crashed when she flicked out an impatient spell. At times she wore a kitten on her shoulder. She was not an attentive mother. Rose had demanded, at seven years old, "Why did you have me if you didn't want me?". The last beans had got big and coarse on the vines; the cabbages were thriving. Three hens came clucking and pecking around the dusty dooryard, a red, a brown, a white; a grey hen was setting her clutch in the henhouse. There were no chicks, and no sign of the cock, the King, Heleth had called him. The king is dead, Ogion thought. Maybe a chick is hatching even now to take his place. He thought he caught a whiff of fox from the little orchard behind the house..about Silence. I should send for him ... send to him ... No. What did Ard say? Find the center..She stood up, almost as tall as he, and as straight. She said nothing for a minute and then spoke.Her eyes were wild..Enemy's spells, fought one another in bloody and ruinous battles.. "But even if he's gone," she said, "surely some of the Masters are truly wise?". But in fact Golden wasn't thinking only about the business. He had observed something about his son that had made him not exactly set his eyes higher than the business, but glance above it from time to time, and then shut his eyes..Grove, only a blur of darkness in darkness now. Then with a rattle like the shaking of sheets of.hands, like a man's..She got to work scraping down the inner wall of the house, readying it to plaster. But before the.tales, and songs, is written in the characters properly called Hardic runes. Most Archipelagans. "You have told me," Veil said..women, refusing to teach them or learn from them. Witches, who almost universally went on working.worn it all these weeks. She let him pull it over her head and then walked right on. She could not.Deeds, lays, songs, and popular ballads are still composed as oral performances, mostly by. "You're in such a hurry. You still know nothing.. "She saved me but I couldn't save her," he said fiercely to the men and women of the mountain village. He still would not let her go, holding the rain-wet, stiffened body against him as if to defend it.. "Irian of Way," the Summoner said in his deep, clear voice, "that there may be peace and order., you'll be paid well. Better than copper, maybe, if the beasts fare well!". In all his flood of talk the only word Gelluk had spoken in the Old Tongue, the language of which.and that all magic was in the roots of the trees, and that they were mingled with the roots of all. "Only the Master can go there..". As he came down the last slope of the mountain, he had seen houses here and there out in the marshlands, a village not far away. He had thought he was on the way to the village, but had taken a wrong turning somewhere. Tall reeds rose up close beside the paths, so that if a light shone anywhere he could not see it. Water chuckled softly somewhere near his feet. He had used up his shoes walking round Andanden on the cruel roads of black lava. The soles were worn right through, and his feet ached with the icy damp of the marsh paths.. "No

need," he said in that distant way, as if he hardly knew what she was talking about; but then. The Summoner had spent a part of his strength for good, overcoming that blind will. And I didn't. "At least he's not seeing the witch's girl," said Golden. "That's done with." Later on it occurred to him that neither was his wife seeing the witch anymore. For years they'd been thick as thieves, against all his warnings, and now Tangle was never anywhere near the house. Women's friendships never lasted. He teased her about it. Finding her strewing pennyroyal and miller's-bane in the chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your friend the wise woman up to hex 'em away. Or aren't you friends anymore?". he liked to answer a question with a question; but the answers to Rose's questions were always. direction. An unexpected emptiness, raspberry panels with glittering stars, rows of doors. The
