Walking gave him something to do, a needed purpose. Motion equaled meaning. Movement became a medicine for melancholy, a preventive for madness..In the foyer again, about six feet inside the front door, he stood the wineglass on the floor. He placed the bottle of Merlot beside the glass, the red rose beside the bottle..For the first time since walking to La Jolla to meet Jonas Salk, Paul planned a journey with a specific purpose..The front door was unlocked. This was no longer one house; it had been converted to an apartment building..Barty's math and reading skills exceeded those of most eighteen year-olds, but regardless of his brilliance, he was a few days shy of his third birthday. Prodigies were not necessarily as emotionally mature as they were intellectually developed, but Barty listened with sober attention, asked questions, and then sat in silence, staring at the book in his hands, with neither tears nor apparent fear..Smiling, pulling the blanket more tightly around herself, she said, "You look after your old mom, don't you?". Junior gave the Raisinets to him, and Google left the theater with his candy and his cash..their work, tears were followed by reminiscences that brought a smile and soothed, and hope was always found to be the flower that bloomed from every seed of hopelessness..He halted, made a quick calculation, turned, and moved toward where the back door ought to be. He found it half open.. "You'd never cheat me. I know you. We'd have Christmas twice a year and parties for half birthdays." He raised one hand to halt the genteel debate. "The whole

reason I stopped here first, before taking you folks on to my place, is so I wouldn't have to bring your suitcases back after Agnes won you over. This is where you'll be happiest, though you're always welcome if she tries to work you to death." Therefore, after the nasty shooting, as the Bartholomew hunt continued, so did the good life. "You should be with your children," Agnes worried. Maria looked up. "My babies are sitted with my sister." The ghost cop was forty feet behind him, beyond ranks of other pedestrians, every one of whom might as well have been faceless now, smooth and featureless from brow to chin, because suddenly Junior could see no countenance other than that of the walking dead man. The haunting visage bobbed up and down as the grim spirit strode along, vanishing and reappearing and then vanishing again among all the bobbing and swaying heads of the intervening multitudes. Junior locked the door. He started the engine and drove out of the cemetery faster than was prudent on the winding service road. Frowning, Angel studied the tasty strip of meat pinched between her fingers, reevaluating everything she thought she knew about the source of bacon. This galerieur was tall, with silver hair, chiseled features, and the all-knowing, imperious manner of a gynecologist to royalty. He wore a well-tailored gray suit, and his gold Rolex was the very watch that Wroth Griskin might have killed for in his salad days. Earlier, before leaving home, he had taken a preventive dose of paregoric. For now, at least, his bowels were quiet. She must have sensed his assessment of her and realized that she had little chance of charming him, for she turned at once away and never looked in his direction again. "Supposing he's senile, wouldn't he possibly think you were his long-lost brother or someone?" A quick review of these book spines revealed that the treasured Zedd collection wasn't here. During the past few years, he had discovered that a lousy few million could buy even more freedom than he had thought when he'd shoved Naomi off the fire tower. Great wealth, fifty or a hundred million, would purchase not only greater freedom, and not just the ability to pursue even more ambitious self-improvement, but also power. With a cry of alarm, he bolted to the bathroom and made it with not a second to spare. He seemed to be on the throne long enough to have witnessed the rise and fall of an empire. Dr. Walter Lipscomb's fingers were longer and more supple than the pianist's, and he had the presence of a great symphony conductor for whom a raised baton was superfluous, who commanded attention by the mere fact of his entry. A tower of authority and self-possession, he said to the becalmed Neddy, "I am this child's physician. She was born underweight and held in hospital to cure an ear infection. You sound as if you have an incipient case of bronchitis that will manifest in twenty-four hours, and I'm sure you wouldn't want to be responsible for this baby being endangered by viral disease." Robert Heinlein saved her. Over hot dogs and chips, she read to Barty from Red Planet, beginning at the top of page 104. He had previously shared enough of the story with Agnes so that she felt connected to the narrative, and soon she was sufficiently involved with the tale that she was better able to conceal her anguish. As terrible as the situation was for Barty, Agnes knew that it was equally difficult for Paul. She could only hold him in the night, and let herself be held. And more than once, she told him, "If worse comes to worst, don't you go walking again." Truly, the time spent helping Agnes had given her uncountable new subjects for paintings and had begun to bring to her work a new depth that excited her. "When you pour out your pockets into the pockets of others," Agnes had once said, "you just wind up richer in the morning than you were the night before." Maria arranged five place settings instead of four. The fifth—complete with silverware, waterglass, and wineglass—was at the head of the table, in memoriam of Joey. ROCKING AS IF AFLOAT on troubled waters, abused by an unearthly and tormented sound, Junior Cain imagined a gondola on a black river, a carved dragon rising high at the bow as he had seen on a. Instinct, even reason, told him that some connection existed between this person, this Bartholomew, and Celestina. The name had terrified Cain in a bad dream, the very night of the day that he'd killed Naomi, and Vanadium therefore had incorporated it into his psychological-warfare strategy without knowing its significance to his suspect. As strongly as he sensed the connection, he couldn't find the link. He lacked some crucial bit of information. Now, here, lying on a bed in the emergency room of a Sacramento hospital, on a Saturday afternoon only six weeks before the camellia festival, Junior suffered under the care of a resident physician who was so young as to raise the suspicion that he was merely playing doctor. After a long time the door opened and several men came in. He could do nothing against them as they gagged him and bound his arms behind him. "Now you won't weave charms nor speak spells, young'un," said a broad, strong man with a furrowed face, "but you can nod your head well enough, right? They sent you here as a dowser. If you're a good dowser you'll feed well and sleep easy. Cinnabar, that's what you're to nod for. The King's wizard says it's still here somewhere about these old mines. And he wants it. So it's best for us that we find it. Now I'll walk you out. It's like I'm the water finder and you're my wand, see? You lead on. And if you want to go this way or that way you dip your head, so. And when you know there's ore underfoot, you stamp on the place, so. Now that's the bargain, right? And if you play fair I will." "You look as if you've seen a ghost," said Vinnie, and Agnes wished the threat were as simple as a restless spirit, groaning and rattling its chains, like Dickens's Marley come to Ebenezer Scrooge on Christmas Eve. "Yes, I was." She didn't tell him that her fear had not been allayed by his assurances or by his second walk in the rain. She got a can of soda, returned to the table, and sat down as if finished with her explorations. "You're okay, Barty." not yet acknowledged, when our flailing species briefly floats insensate between one desperate swim and another. Jacob didn't know how he could ever bear to look at Agnes when she came home from the hospital. The sorrow in her eyes would kill him as surely as a knife to the heart. One moment, girl and yellow vinyl ball. The next moment, gone as if they'd never been. The syphilitic-monkey comparison struck Tom Vanadium as bizarre, but it turned out to be a sober judgment based on experience. In his fifties, Sparky had worked as the chief of maintenance at a medical-research laboratory, where—among other projects—monkeys had been intentionally infected with syphilis and then observed over their life span. In the terminal stages, some of the primates engaged in such outr? behavior that they had prepared Sparky for his eventual encounter with Enoch Cain. Angel moved her hand to Barty's right eye, and again he didn't twitch with surprise when her fingers lightly touched his closed and sagging lid. "I won't let you forget." Another thought: The young gallery employee would remember that Junior had asked after Neddy and had followed him toward the men's room. He would provide a description, and because he was an art connoisseur, therefore visually oriented, he'd most likely provide a good description, and what the police artist drew wouldn't be some cubist vision in the Picasso mode or a blurry impressionistic sketch, but a portrait filled with vivid and realistic detail, like a Norman Rockwell painting, ensuring apprehension. Soon he realized this was a mistaken assumption, because when the instructor began trying to unknot him from his lotus position, a defensive numbness deserted Junior, and he became aware of pain. Excruciating. "You'll need time to ... adjust to this," he said. "Perhaps you've got to call family. . . ." More good American music. The Supremes were Negroes, sure, but Junior was not a bigot. Indeed, he had once made passionate love to a Negro girl. "All right. I get my new eyes from a doctor. They're not real eyes, just plastic, to fill in where my eyes used to be." Junior no longer leaned casually on the casing. He put

both hands flat against the door..The silence in this city of the dead was complete. The night lay breathless, stirring not one whisper from the stationed evergreens that stood sentinel over generations of bones..Because he genuinely liked women and hoped always to please them, always to be discreet and chivalrous and giving, Junior did as she wished, spinning a vivid account of the grisly vengeance he would take if ever Seraphim told anyone what he'd done to her. Vlad the Impaler, the historical inspiration for Brain Stoker's Dracula--thank you, Book-of-the-Month Club--could not have imagined bloodier or more horrific tortures and mutilations than those that Junior promised to visit upon the reverend, his wife, and Seraphim herself Pretending to terrorize the girl excited him, and he was perceptive enough to see that she was equally excited by pretending to be terrorized..She also sought forgiveness for the hardness with which she had treated Nicholas Deed..For eight nights thereafter, Agnes padded the floor with folded blankets on both sides of the boy's bed, insurance against a middle-of-the-night fall. On the eighth morning, she discovered that Barty had returned the blankets to the closet from which she'd gotten them. They were not jammed haphazardly on the shelves--the sure evidence of a child's work--but were folded and stacked as neatly as Agnes herself would have stored them.. "Let's roll 'em. out," Paul said, and he returned to the station wagon to ride shotgun beside Agnes..Words eluded him again, and he surveyed the coffee shop, as if someone might step forward to speak for him. He realized people were staring, and embarrassment drew a tighter knot in his tongue..Judging by Grace's expression when Paul plucked the chest off the floor, he figured it was heavy. He had no way of knowing for sure, because he was in a weird state, so saturated with adrenaline that his heart squirted blood through his arteries at a speed Zeus couldn't have matched with the fastest lightning bolts in his quiver. The chest felt no heavier than a pillow, which couldn't be right, even if it was empty.
