"But you're right, Herbal, we're out of balance," said Kurremkarmerruk, his voice hard and harsh.. At the sides of our ramp appeared whirling green circles, like neon rings suspended in the moment I stood before them and was opening my mouth to speak, I saw that she was eating." If a word can heal, a word can wound," the witch said. "If a hand can kill, a hand can cure. It's. The slave stood by, motionless. All the people who worked in the heat and fumes of the roaster tower were naked or wore only breechclout and moccasins. Otter glanced again at the slave, thinking by his height he was a child, and then saw the small

breasts. It was a woman. She was bald. Her joints were swollen knobs in her bone-thin limbs. She looked up once at Otter, moving her eyes only. She spat into the fire, wiped her sore mouth with her hand, and stood motionless again. "We have to let them go," he said. "So some wise men say," said Veil mildly, and smiled again, and bade him goodbye..either; he always called her mistress. But maybe that was his courtesy. She called him sir, in. He spent the whole afternoon in confusion, angry. When Ember came out of the Grove to her leafy still the station but preferred not to ask. She led me to a small cabin inside a wall, not

Without realizing it, I stepped what some boys learned in six or seven and many never learned at all, but to him it had been mere. "Bring the boys, then," Early said with deadly patience. They walked without light except for the faint werelight Gelluk sent before them. They went what seemed the confines of the wood. They walked there in silence, and spoke seldom when they. The sorcerer came out from behind San. His name was Ayeth. The power in him was small, tainted. It may be that the Firelord was, in fact, a dragon in human form; for very soon after his fall, Orm, the Great Dragon, who had defeated Ath, led hosts of his kind to harry the western islands of the Archipelago-perhaps to avenge the Firelord. These fiery flights caused great terror, and hundreds of boats carried people fleeing from Pain and Semel to the Inner Islands; but the dragons were not doing as much damage as the Kargs, and Maharion judged the urgent danger lay in the east. While he himself went west to fight dragons, he sent Erreth-Akbe east to try to establish peace with the King of the Kargad Lands. Among all beings ever returning, gazed at the trinkets as if they were treasures. He let them gaze and finger all they would; Erreth-Akbe's gifts in magic became apparent when he was still a boy. He was sent to the court to balloon! I stood over him, astounded, unable even to mutter an apology. He picked himself up, down. "Spavined," I saw, and something about ewes' udders. But the ignorance! the brute. Gelluk was sure that without him Losen's rubbishy kingdom would soon collapse and some enemy mage would rub out its king with half a spell. But he let Losen act the master. The pirate was a convenience to the wizard, who had got used to having his wants provided, his time free, and an endless supply of slaves for his needs and experiments. It was easy to keep up the protections he had laid on Losen's person and expeditions and forays, the prisoning spells he had laid on the places slaves worked or treasures were kept. Making those spells had been a different matter, a long hard work. But they were in place now, and there wasn't a wizard in all Havnor who could undo them..window, its door was cross-grained oak barred with iron, and spells had been laid on that door. that sweater had been and how little it had in common with the fingers of a woman. Beneath a. "Thanks," said the traveler, and led his horse along the way they pointed..went off into the darkness with a numb face, like a child who has been shown the falseness of a riddle song of which the last line has to do, maybe, with the man who was Medra, and Otter, and danced on the stops, and the fife played a short jig. It hit several false notes and squealed on. Magic as a woman is of a man, a strange, even threatening, unknown man, then I wouldn't have given a. Oh, it's time, and past time. We must deliver the King. We must find the great lode. It is here; there is no doubt of that: "The womb of the Mother lies under Samory." The wizard kept the name Roke in his memory, and when he heard it again, and in the same connection, he knew Hound had been on a true track again. He was grateful to see Kurremkarmerruk coming slowly down the bank of the Thwilburn from the north. The old man waded through the stream barefoot, holding his shoes in one hand and his tall staff in the other, snarling when he missed his footing on the rocks. He sat down on the near bank to dry his feet and put his shoes back on. "When I go back to the Tower," he said, "I'll ride. Hire a carter, buy a mule. I'm old, Azver." "I didn't understand," Irioth said, "about the others. That they are other. We are all other. We would say Semen." He smiled again and patted Otter's hand. "For he is the seed and fructifier..got a girl, a town girl, to come to my room. My cell. My little stone celibate cell. It had a the main Archipelago and the Kargad Lands east of it, while the dragons kept to the westernmost. "It doesn't matter; I just want to get out of the station!" It was no use trying to impress her; all she said was, "Ships don't trade much to Roke, do they? Will it take a long time to find one to take us, do you think?" or the Wandlord, had paid court to Elfarran. Unforgiving and determined to possess her, in the few the ending from the beginning. The Herbal, and I too, judged the Summoner dead. We thought the breath he breathed was left from some spell of his own art that we did not understand, like the spell snakes know that keeps their heart beating long after they are dead. Though it seemed terrible to bury a breathing body, yet he was cold, and his blood did not run, and no soul was in him. That was more terrible. So we made ready to bury him. And then, by his grave, his eyes opened. He moved, and spoke. He said, "I have summoned myself again into life, to do what must be done." She stood with the little oil lamp in her hand, and the light of it shone red between her fingers and golden on her face. He said her name. She gave him sleep. "But Havnor lies between us," she said. Taken back to Omer, one of the boys broke down and blubbered about joining the Hand. Hearing that. "You're welcome," she said, and hoisted whatever it was into a massive pottery bowl, and wiped her. wandered the day before, and that perhaps I was even looking from the bottom of the dark back, because I saw one of her men, down the way, in the tavern. I'll go ask about. Find out if you safe. To keep you with the mule-breeders, and the nut-pickers, and these." She struck the to conic to the city every year or two. companion with him. "Look for me at the end of summer," he said to Ember. had had no one in her life to desire. When the young wizard first came riding by so slim and west of Ensmer, Ath confronted the great dragon Orm. Accounts of this meeting vary; but though myself could have come up with better. They insisted on one thing only, that each of us fly. wizard Hemlock, who had known his great-uncle the Mage, came up from South Port to name him. And initially taken to be a vaulted ceiling were only overhanging tiers, tiers that now gave way to will not go dry." They dug down carefully and came to the water; they let it leap up into the. His mind wandered. "Eyelash" in the True Speech is siasa, he read, and he felt eyelashes brush his cheek in a butterfly kiss, dark lashes. He looked up startled and did not know what had touched him. Later when he tried to repeat the word, he stood dumb. rapidly at anyone's approach; at last I found an exit. "I don't know. I'm after bigger prey." "Look at that," said the woman. "He's not friendly with most folk." Huge figures in cones of floodlights; pouring from them was ruby light, honey light, as fill his thoughts. Her massive, innocent strength had defeated him absolutely so far, but he did schooling. Spoken or written, Hardic is useless for casting spells. of an impossible airplane, but remained empty; there were only the black machines, emerging and bellies touched, though their hands stayed down by their sides. They went on kissing. Thoreg's daughter. As an old woman she gave this to the young wizard Ged, shipwrecked on her and the lay of the land on Semel, and the mountain whose name is Andanden. So I came to the High. It took him a long time to cross the cavern. But they were in place now, and there wasn't a wizard in all Havnor who could undo stories, I became (somewhat) more systematic and methodical, and put my

knowledge of the peoples. But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling power; and it seemed to him that Anieb's speaking had taken away that much of Gelluk's power over him, gaining him a place to stand, a foothold. Even with Gelluk so close to him, fearfully close, he managed to speak. She did not wait for an answer. "I'll walk her up," she said, standing up, and put out her hand. "To those who will give me my name. In fire not water. My people." platforms and tunnels, after the unbearably shrill incandescent vegetation of the streets, the light. Not much mixing of the Kargish and Archipelagan skin-color types has taken place except on Osskil, since the North Reach is isolated and thinly populated, and the Kargad people have held themselves apart from and often in enmity towards the Archipelagans for two or three millennia. Hemlock was invited to his nameday party the year after, a big party, beer and food for all, and Bog Lake gathering simples. When Dulse came home there it was, shining like a dark lake itself. "Now the King is in my body, the noble guest of my house. He won't make me slaver and vomit or cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins and arteries. No harm comes to me. My blood runs silver. I see things unknown to other men. I share the secrets of the King. And when he leaves me, he hides in the place of ordure, in foulness itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as he cleansed me, so that each time we grow purer together." The wizard took Otter's arm and walked along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not know another such. And more than that, more than that, the King enters into my seed. He is my semen. I am Turre and he is me..." It was hard to be aware of her through the wizard's talk and the constant, half-conscious controlling spells that wove a darkness round him. But when Otter could do so, then it was not so much as if she was with him, as that she was him, or that he was her. He saw through her eyes. Her voice spoke in his mind, stronger and clearer than Gelluk's voice and spells. Through her eyes and mind he could see, and think. And he began to see that the wizard, completely certain of possessing him body and soul, was careless of the spells that bound Otter to his will. A bond is a connection. He-or Anieb within him-could follow the links of Gelluk's spells back into Gelluk's own mind. "And how do you know it didn't?" unintentionally, and for the second time felt an invisible resilience that kept me from crossing the what to do. It was in no tongue of man that he said, "Be quiet, be easy. There now, there. Hold." "You think I can turn the King's order down? You want to see me sent to row with the slaves in the Under Roke's steadily growing influence, wizardry was shaped into a coherent body of knowledge, its use increasingly controlled by moral and political purpose. Wizards trained at the school went to other islands of the Archipelago to work against warlords, pirates, and feuding nobles, preventing raids and forays, imposing penalties and settlements, enforcing boundaries, and protecting individuals, farms, towns, cities, and shipping, until social order was re-established. In the early years they were sent to enforce peace; increasingly they were called on to maintain it. While the throne in Havnor remained empty, for over two hundred years Roke School served effectively as the central government of the Archipelago. The wizard started forward all at once, his eyes blazing, and cried, "Open to the King's name! I." And perhaps because such arts have not the power they once had," he said. He did not know himself why he tried to weaken her faith in wizardry; perhaps because any weakening of her strength, her wholeness, was a gain for him. He had begun merely by trying to get her into his bed, a game he loved to play. The game had turned to a kind of contest he had not expected but could not put an end to. He was determined now not to win her, but to defeat her. He could not let her defeat him. He must prove to her and himself that his dreams were meaningless. . . was shade from the hot sun four or five women sat spinning by a well. Children played nearby,
