At last Maria answered Jacob's question in a murmur, making the f sign of the cross once more as she spoke. "Never saw four. Never even just I see three. But four ... is to be the devil himself." He reached the end of the alleyway, stumbled into the stream of pedestrians, nearly knocked over an elderly Chinese man, turned, and discovered ... no Vanadium..A surprising number of the women who had been his lovers were recreational drug users, and over the past couple years, he had met several dealers who supplied them. From the least savory of these, he purchased five thousand dollars' worth of cocaine and LSD to establish his credibility, after which he inquired about forged documents.."Sitters. Friends, relatives of friends. People I can trust. I can afford sitters if I'm getting only dinner tips."Now, however, he was thinking not about what Agnes's story might mean to Reverend White, but about what the minister might be able to do to provide at least a small degree of comfort to Agnes, who spent her life comforting others..As the unwanted change pinged against the concrete at his feet, Junior-snap, snap-saw the source of the next two rounds. They spat out of the vertical pay slot on a newspaper-vending machine; one hit his nose, and the other rang off his teeth..Library of Congress Cataloging-in-Publication Data Le Guin, Ursula K., 1929-.The three of them, gathered around her in the quick, held fast to her, as if Death couldn't take what they refused to release..From these ominous spatters, several fibers bristled, having stuck to the pewter when the drizzle was still wet. They appeared to be human hairs..Dr. Daines spoke with Celestina in the corridor, outside the door to 724. Some of the passing nurses were nuns in wimples and full-length habits, drifting like spirits along the hallway..Ordinarily, a child of three would be too young to learn the use of a blind man's cane, but Barty wasn't ordinary. Initially, no cane was available for such a small child, so Barty began with a yardstick sawn off to twenty-six inches. By his last day, they had for him a custom cane, white with a black tip; the sight of it and all that it implied brought tears to Agnes just when she thought her heart had toughened for the task ahead..As though one of the quarters had dropped into his ear and triggered a golden oldie in the jukebox of his mind, Junior heard Vanadium's voice in the hospital room, in Spruce Hills, on the night of the day when Naomi died: "en you cut Naomi's string, you put an end to the effects that her music would have on the lives of others and on the shape of the future.....Because his pinching fingers deformed the shape of her mouth, her voice was compressed: "I see all the ways you are."..As the last of the flan was served and Maria's girls took their seats once more, Barty blinked at the candles and said, "Gone now," even though the tiny spectrums still shimmered in the cut crystal. He turned his full attention to the flan with such enthusiasm that his mother soon stopped puzzling over rainbows.."Oh, dear God," she whispered, and although she had always been a strong woman who stood on a rock of faith, who drew hope as well as air with every breath, she was as weak now as the unborn child in her womb, sick with fear..Judging by Grace's expression when Paul plucked the chest off the floor, he figured it was heavy. He had no way of knowing for sure, because he was in a weird state, so saturated with adrenaline that his heart squirted blood through his arteries at a speed Zeus couldn't have matched with the fastest lightning bolts in his quiver. The chest felt no heavier than a pillow, which couldn't be right, even if it was empty..After mentally reviewing what he must say, after working up a nervous edge, he dialed the SFPD emergency number..Abruptly, without a cannonade of thunder, without artillery strikes of lightning, the storm broke. As loud as marching armies, rain tramped across the roof..The driver's door opened, shoving aside a damaged tea table, and a man climbed out of the Pontiac..Jacob had become a card mechanic for one purpose. Not because he'd ever be a gambler. Not to wow friends with card tricks. Not because the challenge intrigued him. He wanted to be able to give Agnes winning cards once in a while, if she was losing too frequently or needed to have her spirits lifted. He didn't feed her winning hands often enough to make her suspicious or to make the games less fun for Edom or Joey. He was judicious. The effort he expended-the thousands of hours of practice-was repaid with interest each time Agnes laughed with delight after being dealt a perfect hand..Junior worried that he might not locate the correct Dumpster among the many. Yet he didn't switch on the flashlight, suspecting that he would be better able to find his way if the conditions of darkness and fog were exactly as they had been earlier. In fact, this proved to be the case, and he instantly recognized the hulking Dumpster when he came upon it..And in time, the surgeon did appear, bearing the good news that neither of the malignancies had spread to the orbit and optic nerve, but he had no greater miracle to report..Junior was accustomed to having women seduce him. His good looks were a blessing of nature. His commitment to improving his mind made him interesting. Most important, from the books of Caesar Zedd, he had learned how to be irresistibly charming.."I'm not sad," Tom said, "because though I have this face here in this world, I know there's another me-in fact, lots of other Tom Vanadiums-who don't have this face at all. Somewhere I'm doing just fine, thank you."..If he gets back within the next hour, better ring me at his place so I can scoot."..Agnes leaned forward in her chair: knees together, clasped hands resting on her knees, forehead against her hands.."No. Lampion. Somewhere in your father's French background, there must have been lamp makers. A lampion is a small lamp, an oil lamp with a tinted-glass chimney. Among other things, in those long ago days, they used them on carriages."..Walking away, he was aware of the many faces at the windows, all as stupid as the faces of cud-chewing cows. He had given them something to talk about when they returned from lunch to their shops and offices. He'd reduced himself to an object of amusement for strangers, had briefly become one of the city's army of eccentrics..The narrow brick-paved serviceway lay five feet below. The maniac had knocked over trash cans while making his escape, but he wasn't tumbled among the rest of the garbage..The pewter bludgeon slammed into the back of his skull with a hard pack. The scalp tore, blood sprang forth, and the man fell as hard as Victoria had fallen under the influence of a good Merlot, although he went facedown, not faceup as she had done..On Tuesday, less than twenty-four hours after Naomi's funeral, Knacker, Hisscus, and Nork--representing the state and the county held preliminary meetings with Junior's lawyer and with the attorney for the grieving Hackachak clan. As before, the well-tailored

trio was conciliatory, sensitive, and willing to reach an accommodation to prevent the filing of a wrongful-death suit. On second thought-no. If Seraphim had told anyone she'd been raped, the police would have been at Junior's doorstep in minutes, with a warrant for his arrest. No matter that they would have no proof. In this age of high sympathy for the previously oppressed, the word of a teenage Negro girl would have greater weight than Junior's clean record, fine reputation, and heartfelt denials. Magusson's idea of a laugh. "And they didn't even bother to post a warning. In fact, that sign was still up, inviting hikers to enjoy the view from the observation deck." Junior stood at the window for a long time, not because he was pretending to rest, and not because any of the attending nurses was a looker. He was transfixed, and for awhile he didn't know why. Edom did as asked. Then he cut the deck into two approximately equal stacks when requested to do so. Junior's fear gave way to an appreciation for the irony in this situation. Gradually, he regained the ability to smile, tossed the coin in the air, caught it, and dropped it in his pocket. Tuesday, January 9, having cashed out a number of investments during the past ten days, Junior made a wire transfer of one and a half million dollars to the Gammoner account in the Grand Cayman bank. Although the girl was unable to articulate why she preferred not to have her mother at her side, they all understood the tumult in her heart. She couldn't bear to subject her gentle and proper mother to the shame and embarrassment that she herself felt so keenly and that she imagined would grow intolerably worse in the hours or days ahead, until and even after the birth. The galerieur's icy demeanor thawed marginally at this proof of taste and financial resources. He either smiled or grimaced at a vague but unpleasant smell-hard to tell which-and identified himself as the owner, Maxim Coquin. Dr. Salk returned the photos, put a hand on Paul's shoulder, and smiled. "But that's always the way, you see? Heroes always get back more than they give. The act of giving assures the getting back." Three doors in the dark hallway: one to the right, ajar, and two to the left, both closed. The door was falling shut. With no more sound than the day makes when it turns to night, the detective had gone. Nolly finally disturbed the quiet: "Well, sir ... you're quite a psychologist." Indeed, she found it difficult to talk with her son in their usual easy way. She heard a stiffness in her voice that she knew would sooner or later be apparent to him. One hand on the railing, he ascended the first three steps slowly. Pausing on each, he slid his foot forward and back on the carpet, runner to judge the depth of the tread relative to his small foot. He ran the toe of his right shoe up and down the riser between each tread, gauging the height. With no job to return to, he dawdled over lunch. He was actually tumescent with a growing sense of freedom that was as thrilling as sex. Of all the kindnesses that we can do for one another, the most precious of all gifts-time-is not ours to give. Bearing this in mind, Agnes did her best to guide her extended family through its grieving for Harrison and for Jacob, into happier days. Respect must be paid, precious memories nurtured, but life also must go on. Most of these firearms were loaded and ready for use, but five remained in their original boxes, in the back of her bedroom closet. Evidently, considering the original bill of sale taped to each of the five boxed handguns, she must have acquired all the weapons legally. Between his surgeries and for many months thereafter, Vanadium had devoted his energies to speech therapy, physical rehabilitation, and the concoction of periodic torments for Enoch Cain, which Simon Magusson was able to implement, every few months, through Nolly and Kathleen. The idea wasn't to bring Cain to justice by torturing his conscience, since he'd allowed his conscience to atrophy a long time ago, but to keep him unsettled and thereby magnify the impact of his first face-to-face encounter with the resurrected Vanadium. make a worrywart life-insurance salesman like me seem just as light hearted as a schoolgirl. Tuesday morning, while he showered with a swimming cockroach that was as exuberant as a golden retriever in the motel's lukewarm water, Junior vowed never to kill again. Except in self-defense. Waking from a starry night in the Old West into electric light, gazing up into a blur of faces sans cowboy hats, Agnes felt someone moving a piece of ice in slow circles over her bare abdomen. Shivering as the cold water trickled down her sides, she tried to ask them why they were applying ice when she was already chilled to the bone, but she couldn't find her voice. Dinner arrived, and Tom persuaded Celestina and Grace to come to the table for Angel's sake, even if they had no appetite. After so much chaos and confusion, the child needed stability and routine wherever they could be provided. Nothing brought a sense of order and normality to a disordered and distressing day more surely than the gathering of family and friends around a dinner table. He traveled prairies and mountains and valleys, passed fields rich in every imaginable crop, crossed great forests and wide rivers. He walked in fierce storms when thunder crushed the sky and lightning tore it, walked in wind that skinned the bare earth and sheared green tresses from trees, and walked also in sun-scrubbed days as blue and clean as ever there had been in Eden. After carrying the two pieces of luggage to the car in the garage, he returned to the study. He sat at the desk and examined the contents of the drawers, then turned to the file cabinet. The nurse led the way, while the orderly pushed the gurney from behind Barty's head. "Wish I could describe his face. Frosty the Snowman was never that white. The surveillance van is parked right there, two spaces south of the vending machines--". To the waiter, Nolly was Nolly, Kathleen was Mrs. Wulfstan, and Tom Vanadium was sir--though not the usual perfunctorily polite sir, but sir with deferential emphasis. Tom was unknown to the waiter, but his shattered face gave him gravitas; besides, he possessed a quality, quite separate from carriage and demeanor and attitude, an ineffable something, that inspired respect and even trust. Barefoot, in midnight-blue silk pajamas, he walked through his rooms turning on lights in a considered pattern, which he had settled upon after much thought and planning. Exactly. The shock. The devastating loss. Junior felt it now, anew, and was afraid he might betray himself with tears, although he seemed to be done with vomiting. His mouth was dry when he said to Angel, "Well, it seems pretty magical to me-that flipped-coin trick." "Yes, I was." She didn't tell him that her fear had not been allayed by his assurances or by his second walk in the rain. "Both. Brain and heart. But I've thought it through, Daddy. More than anything in my life, I've thought this through." Earlier in the week, Junior had looked up Thomas Vanadium in the telephone directory. He expected the number to be unlisted, but it was published. What he wanted more than a number was an address, and he found that as well. Tom knew only three of the eight. Grace White, Angel, and Paul Damascus. The others were introduced quickly by Celestina. Agnes Lampion, their hostess. Edom and Jacob Isaacson, brothers to Agnes. Maria Gonzalez, best friend to Agnes. And Barty. On December 18, as the Beatles' "Hello Goodbye" rocketed up the charts, Junior boiled over with frustration at his inability to find either love or Seraphim's baby, so he drove across the Golden Gate Bridge, to Marin County and all the way to the town of Terra Linda, where he killed Bartholomew Prosser. Professional magic was not a field in which many Negroes could find their way to success. Obadiah was one of a rare brotherhood. After Bellini left, Tom questioned Celestina extensively, with an emphasis on Phimie's rape. Although the subject was painful, she was grateful for the questions. Without this distraction, in spite of her well of hope, she might have allowed her imagination to fashion terror after terror, until Wally had died a hundred times over in her mind. The pendulous bellies of the rain-swollen clouds were no darker than when he had first come to the cemetery, yet they appeared more

ominous now than earlier..With a thin hiss of disgust, Junior pulled away from the thing, whatever it was, withdrew the flashlight from his belt, and listened intently for sounds in the alleyway. No voices. No footsteps. Only distant traffic noises so muffled that they sounded like the grunts and groans and low menacing growls of foraging animals, displaced predators prowling the urban mist..Repressing a smirk, feigning a respectful solemnity, he dared to glance at Vanadium, but the detective stared into Naomi's grave as though he hadn't heard the mockery-or, having heard it, didn't recognize it for what it was..When she looked up from Barty, she saw the attorney with his hands full of documents. "Surprise? I know what's in Joey's will."..Junior hadn't paid attention to everyone who visited the pianist though surely he'd have noticed a certain stump in a cheap suit..As usual, Vanadium had spoken in a monotone, putting no special emphasis on those two words. Yet Junior sensed that the detective harbored doubts about the explanation of the girl's death..Junior didn't find anything to explain her paranoia-though, to his surprise, he discovered six books by Caesar Zedd in her small library. The pages were dog-eared; the text was heavily underlined..He wanted to say: The vain, power-mad politicians who milk cheers from ignorant crowds, the sports stars and preening actors who hear themselves called heroes and never object, they should all wither with shame at the mention of your name. Your vision, your struggle, the years of grueling work, your enduring faith when others doubted, the risk you took with career and reputation--it's one of the great stories of science, and I'd be honored if I could shake your band.. "Honey," Angel said to her daughter, "show us that game you were just playing with Koko. Show us, honey. Come on. Show us. Show us.".. "We'll need to talk about this a lot in the days to come, as we both have more time to think about it."..WHEN A GLASS OF chilled apple juice at dawn stayed on his stomach, Junior Cain was allowed a second glass, though he was admonished He was also given three saltines..Fear clotted in Junior's veins, and he stood like an impacted embolism in the busy flow of pedestrians, certain that he himself would at any moment succumb to a stroke..Rena laughed. "Oh, but true! And not just a garden. I'm a field of flowers!" She let go of her skirt, which shimmered like cascades of falling petals. "So tonight will be a famous night, Celestina."..For an instant, she appeared to be frowning. Then he realized this couldn't be a frown. It must be a smoldering look of desire..When the two vertical panes of the casement window were still less than seven inches apart, they stuttered. The mechanism produced a dismal grinding rasp that sounded like a guttural pronunciation of the problem itself, c-c-c-corrosion, and seized up..He would come. She knew. She had always known, but had half forgotten. There was something special about Angel, and because of that specialness, she lived under a threat as surely as the newborns of Bethlehem under King Herod's death decree. Long ago, Celestina glimpsed a complex and mysterious pattern in this, and to the eye of the artist, the symmetry of the design required that the father would sooner or later come..A sense of fellowship in extraordinary times drew everyone closer, to hug, to touch, to share the wonder. For a long moment, even in the symphony of the storm, in spite of all the plink-tink-hiss-plop-rattle that arose from every rain-beaten work of man and nature, they seemed to stand here in a hush as deep as Tom had ever heard..He had never expressed opposition to starting a family. She'd had no reason to fear telling him that she was carrying their child..More often than not, in a social situation, regardless of its nature, there came a time when Edom had to bolt, and here now was the time, not because he floundered at a loss for words, not because he became panicked that he would say the wrong thing or would knock over his coffee cup, or would in some way prove himself foolish or as clumsy as a clown in full pratfall, but in this instance because he didn't want to bring his tears into Agnes's day. Recently she'd had too many tears in her life, and though these were not tears of anguish, though they were tears of love, he didn't want to burden her with them..She said, "Honey, what I'm wondering is ... could you walk where you don't have bad eyes, like you walked where the rain wasn't ... and leave the tumors in that other place? Could you walk where you have good eyes and come back with them?"..Smiling again, speaking in a voice hardly louder than a whisper, he said, "Got a wedding date to keep."..They were each down to one last sip of wine, studying dessert menus, when Celestina began to wonder if, in spite of all instincts and indications, she might be wrong about the state of Wally's heart. The signs seemed clear, and if his radiance wasn't love, then he must be dangerously radioactive-yet she might be wrong. She was a woman of some insight, quite sophisticated in many ways, with the raw-nerve perceptions of an artist; however, in matters of romance, she was an innocent, perhaps even more pitifully naive than she realized. As she perused the list of cakes and tarts and homemade ice creams, she allowed doubt to feed upon her, and as the thought grew that Wally might not love her that way, after all, she became desperate to know, to end the suspense, because if she didn't mean to him what he meant to her, then Daddy was just going to have to accept her conversion from Baptist to Catholic, because she and Angel would have to spend some serious heart-recovery time in a nunnery.. "I already told you-anything in your heart is as easy to read as the open page of a book."..After the amusement park, no hospital for the Pie Lady. With Wally near, she had a doctor all her own, capable of giving her the anticancer drugs and transfusions that she required. While radiation therapy is prescribed for acute lymphoblastic leukemia, it is much less useful to treat myeloblastic cases, and in this instance, it wasn't deemed helpful, which made treatment at home even easier.. "What do you think of the exhibition," Junior asked, taking one step toward the musician, crowding him..Their station wagon stood along the service road, at least a hundred yards from the grave. With no wind to harry it, the rain fell as plumb straight as the strands of beaded curtains, and beyond these pearly veils, the car appeared to be a shimmering dark mirage.
