The boy worries about the reliability of her animal instincts..Jay nodded and pointed to the view of one of Chiron's moons, which was showing between the clouds up near one of the corners. "That's Remus," he said. "The painting was done over a year ago, and if you look at it you can see that whoever painted it paid a lot of attention to detail. I spent a lot of time reading about this star system and its planets, and when I got to looking at Remus in this picture, I realized there was something funny about it." Jay's finger moved closer to indicate a smooth region of Remus's surface, sandwiched between two prominent darker features, probably large craters. ~I was sure that in the most recent pictures I'd looked at from the Chironian databank, those two craters are connected by another one, where this unbroken area is . . . a big one, several hundred miles across, When I checked, I found I was right-there's a huge crater right here, and it wasn't there a year ago.".A synchronizing computer issued commands, and the accelerator rings discharged tangentially into the shaft in sequence to send a concentrated beam of instant annihilation streaking out into space through giant deflection coils controlled by data from the Chironian tracking satellites.. "... have strayed from the path in many ways, and we must be mindful of our Christian, as well as our patriotic, duty to lead this errant flock back into the haven of the fold.
