He was still shaken, appalled, by the ease with which Gelluk had forced him to say his name, which gave the wizard immediate and ultimate power over him. Now he had no hope of resisting Gelluk in any way. That night he had been in utter despair. But then Anieb had come into his mind: come of her own will, by her own means. He could not summon her, could not even think of her, and would not have dared to do so, since Gelluk knew his name. But she came, even when he was with the wizard, not in apparition but as a presence in his mind. After Golden had gone out, she found her son in the counting-room going through ledgers. She felt that she should thank them for their courtesy but the words would not come. She nodded stiffly to them, turned round, and strode out of the room. After a bit Otter nodded left, away from the grey stone tower. They walked on towards a long. "Everything is practice," Tangle said. She was never ill-natured. She seldom thought to do anything much for her daughter, but never hurt her, never scolded her, and gave her whatever she asked for, dinner, a toad of her own, the amethyst necklace, lessons in witchcraft. She would have provided new clothes if Rose had asked for them, but she never did. Rose had looked after herself from an early age; and this was one of the reasons Diamond loved her. With her, he knew what freedom was. Without her, he could attain it only when he was hearing and singing and playing music. "Did you talk at all to Master Hemlock?" flew by in strips of flame and color; parabolic arches, white platforms. "Forteran, Forteran," he does. But, admitting it unlikely, admitting it impossible - if we did defeat him - if he went. Otter sat up at last. He was wet, cold, bewildered. Why was he here? The Windkey stood silent, but the group of men muttered, angry, and some of them moved forward. Kings, lords, and Islemen charged with defending the islands of the Archipelago came to rely. Under Roke's steadily growing influence, wizardry was shaped into a coherent body of knowledge, its use increasingly controlled by moral and political purpose. Wizards trained at the school went to other islands of the Archipelago to work against warlords, pirates, and feuding nobles, preventing raids and forays, imposing penalties and settlements, enforcing boundaries, and protecting individuals, farms, towns, cities, and shipping, until social order was re-established. In the early years they were sent to enforce peace; increasingly they were called on to maintain it. They were worshipped at the site and at home altars with offerings of flowers, oil, food. The young man, called Ivory, did not actually have his staff and cloak yet; he explained that he was to be made wizard when he went back to Roke. The Masters had sent him out in the world to gain experience, for all the classes in the School cannot give a man the experience he needs to be a wizard. Birch looked a little dubious at this, and Ivory reassured him that his training on Roke had equipped him with every kind of magic that could be needed in Iria of Westpool on Way. To prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight of swans, who marvellously soared through the south wall and out through the north wall; and lastly a fountain in a silver basin sprang up in the centre of the table, and when the Master and his family cautiously imitated their wizard and filled their cups from it and tasted it, it was a sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By then the wife and daughters were entirely won over. And Birch thought the young man was worth his fee, although his own silent preference was for the dry red Fanian of his own vineyards, which got you drunk if you drank enough, while this yellow stuff was just honeywater.
