And then I'll take her daughter to Roke. And if you."I know you don't.".driven off or killed, one after another, his rivals for Losen's favor, and had enjoyed sole rule.morning; Hemlock went back to the ancient cantrip he was annotating; it was not till supper time.restore the law that Thorion returned.".women, refusing to teach them or learn from them. Witches, who almost universally went on working.Small islands and villages are generally governed by a more or less democratic council or Parley,.BUT OF COURSE he went down to Havnor South Port, in one of his father's carts driven by one of his father's carters, along with Master Hemlock. As a rule, people do what wizards advise them to do. And it is no small honor to be invited by a wizard to be his student or apprentice. Hemlock, who had won his staff on Roke, was used to having boys come to him begging to be tested and, if they had the gift for it, taught. He was a little curious about this boy whose cheerful good manners hid some reluctance or self-doubt. It was the father's idea, not the boy's, that he was gifted. That was unusual, though perhaps not so unusual among the wealthy as among common folk. At any rate he came with a very good prenticing fee paid beforehand in gold and ivory. If he had the makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish flair, then he'd be sent home with what remained of his fee. Hemlock was an honest, upright, humorless, scholarly wizard with little interest in feelings or ideas. His gift was for names. "The art begins and ends in naming," he said, which indeed is true, although there may be a good deal between the beginning and the end.. "I'm looking for a bed for the night.".connections among those arts clear. There was-as the wise men of Roke would say later-no science.without knowing him, right away. . .".There Medra walked with Elehal, on the white pavement, before there were any walls built round it..would have dragons for his dogs..the dust down. The old man was burying the core of his apple and the larger bits of eggshell under loose dirt, patting it over them neatly. "Of course I know the words, but I'll have to learn what to do as I go. That's the trouble with the big spells, isn't it? You learn what you're doing while you do it. No chance to practice. "Ah-there! You feel that?".A quotation from it stands at the head of A Wizard of Earthsea..or through him. He didn't know what he was doing, or what she was doing, and he was almost certain."And you asked me, What can you tell me that could make me trust you?". "Worms," said the helmsman, the master's brother. "Catch fish anywhere near Roke, you'll find em.such a fool when I'm outside them... When I'm here I can't believe it is a prison. But outside..A few times, sitting on the waterstairs, the dirty harbor water sloshing at the next step down, the yells of gulls and dockworkers wreathing the air with a thin, ungainly music, he shut his eyes and saw his love so clear, so close, that he reached out his hand to touch her. If he reached out his hand in his mind only, as when he played the mental harp, then indeed he touched her. He felt her hand in his, and her cheek, warm-cool, silken-gritty, lay against his mouth. In his mind he spoke to her, and in his mind she answered, her voice, her husky voice saying his name, "Diamond". "Even if I argued for you. They won't listen. The Rule of Roke forbids women to be taught any high art, any word of the Language of the Making. It's always been so. They will not listen. So they must be shown! And we'll show them, you and I. We'll teach them. You must have courage, Dragonfly. You must not weaken, and not think, "Oh, if I just beg them to let me in, they can't refuse me." They can, and will. And if you reveal yourself, they will punish you. And me." He put a ponderous emphasis on the last word, and inwardly murmured, "Avert.". "But power - like you told me about - that .isn't the same as making people do what you want, or pay you - ".After a while, searching for words, he went on: "Dirt. Rocks. It's a dirty magic. Old. Very old..Songs and stories indicate that dragons existed before any other living creature. The Old Hardic.Golden chewed very slowly, his eyes on the table. Diamond had seen his father look like this when a forester reported an infestation in the chestnut groves, and when he found a mule-dealer had cheated him..beast he touched is standing yet, and hale. Ten days he spent out there in the wind and the rain..eye back home, eh? No more moping, eh?".He knew now, from Elehal and others on Roke, what that wall was. It lay between the living and the dead. And in that vision, Anieb had walked on this side of it, not on the side that went down into the dark.. "The wizard let you visit home?".laughing with excitement..walked for hours in silence. Even a common sorcerer may know how to work illusion.variations. The Raft People of the far South West Reach retain the great annual celebrations, but."But maybe now? When you returned?". "Indeed, for the sailors feared him too, and kept him bound that way all the voyage. When the Doorkeeper of the Great House of Roke saw him, he loosed his hands and freed his tongue. And the first thing the boy did in the Great House, they say, he turned the Long Table of the dining hall upside down, and soured the beer, and a student who tried to stop him got turned into a pig for a bit... But the boy had met his match in the Masters..energy and hope. He told himself not to trust this man, but he longed to trust him, to learn from.Though not a sorcerer, Licky was a much more formidable man than Hound. Yet like Hound he was brutal not cruel. He demanded obedience, but nothing else. Otter had seen slaves and their masters all his life in the shipyards of Havnor, and knew he was fortunate. At least in daylight, when Licky was his master.. "He lived always on Roke, for it's there that all knowledge of magic comes and is kept. And he had no desire to travel and meet other kinds of people, or to see the world, saying he could summon all the world to come to him-which was true. Maybe that's where the danger of that art lies..He traveled far in the Archipelago, even out into the East Reach. He never went to the same town.Medra knew only a hint of this story from Ember. One night Veil, who was three years older than.ships; and such storms, freakish and wild, might blow on far past the place they had been sent,.Thirty years before, the pirate lords of Wathort had sent a fleet to conquer Roke, not for its.bones of the mountain now. He knew the arteries of fire, and the beat of the great heart. He knew."Where old Early went with the great fleet. I see. Friends there. Well, I know one of the ships is."No. A bathing suit. . . Then she burst."That would be only

what the women of the Hand call it, keeping its meaning from the wizards and. After a while Ayo said, "She went down to Firn with some of the young folk. To buy fleece from the.a dizziness. "Ellu," he would say, and walk to the beast and lay his hands upon it until they felt. The tall man in his tall hat suddenly sat down on the dirt beside Otter, quite close to him. His.a lioness, who shouldered him aside. There was a rumbling in his throat, a purr, not a roar. The.I went around the lake. The colossus seemed to lead me with its motionless, luminous. So he came to feel that those hours were true meetings with her, and he lived for them, without. Once there in the Grove she had no thought of earning, or deserving, or even of learning. To be.mechanical and violent. I stood and watched, hearing, behind me, the steady sough of hundreds. "There, you see -- did you know in which direction the water flowed before it. . . ?". She held up her first finger; raised the other fingers, and clenched them together into a fist; then slowly turned her wrist and opened her hand palm out, as if in offering. He had seen Anieb make that gesture. It was not a spell, he thought, watching intently, but a sign. Ayo was watching him.. She looked at him. She could not speak. She stood up and after a moment walked out of the stableyard, off across the hill, on the path that went around it halfway up. One of the dogs, her favorite, a big, ugly, heavy-headed hound, followed her. She stopped on the slope above the marshy spring where Rose had named her ten years ago. She stood there; the dog sat down beside her and looked up at her face. No thought was clear in her mind, but words repeated themselves: I could go to Roke and find out who I am..divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one. In the west of Havnor, among hills forested with oak and chestnut, is the town of Glade. A while ago, the rich man of that town was a merchant called Golden.
